Edinburgh University Motor Sport Club

The club has had a successful start to the year. There have been good turnouts to a variety of events introducing people to treasure hunts, autotesting, karting, navigational rallying and marshalling. The Training Rally was a great success with 5 new navigators and 2 new drivers, and a few people having a go at stepping up to non-expert. Freshers karting had a turnout of 53 people, with a more manageable 33 for round two of the karting championship. There are now two members competing as navigators on stage rallies. There are now at least 3 EUMSC crews competing in the SACC Nav Rally Championship, with many planning to compete in the Inter-Association Nav Rally on the 16th November.
