

Domain Name Changes

At the March AGM we decided to change the name of the association to The Scottish Association of Motor Sports Clubs, and therefore we have changed our domain name to match.

The website can now be found at www.scottishmotorsportsclubs.co.uk.

There is a page at the old URL which informs visitors of the change and provides a link to the new address. Please change your bookmarks and use the new URL from now on, the old page will

Email addresses that ended with @scottishcarclubs.com have also been replaced, so for example

training@scottishcarclubs.com becomes training@scottishmotorsportsclubs.co.uk

The old email addresses still work for the moment, but will be shut down in a few weeks, so please update your contacts to use the new ones.

Website Updates

As well as the usual ongoing calendar and document updates, there have been some changes to the menu structure, e.g., Scrutineering Bulletins now have a separate page in the main menu, instead of being tucked away with other downloads; it had become apparent that nobody knew they were there.

GDPR

The Clubs page has been changed so that the additional data panel now displays that club's events, but no longer includes all the club officials and their contact data. There will be another version later.

Move to New Server - June 29th?

Our site is being moved to a new server on or around 29th June. This has nothing to do with the change of address, it is about a hardware upgrade at the hosting company.

There will be some downtime, hopefully hours rather than weeks, but email should keep working.
