Marshal's Advisory Group

Key Updates

The Marshal's Advisory Group (MAG) is currently meeting remotely on a monthly basis.

There have been a number of changes to the attendees for 2022 which have resulted in a wider spread of knowledge across the different types of events.

The key focus of the Group continues to be the development of the Marshals' Pathway which aims to increase participation across all disciplines, improving accessibility for new volunteers, and helping existing marshals develop their skills. Much work has been done but as this is still being drafted there is little I can share with you at this time.

What I can say is that the work has also involved the Training Advisory Group and all existing marshals and Clubs will be asked for their opinion on key topics in the near future.

The March edition of Revolution also provides an update on the Registered Marshal Accreditation course which has attracted more than 750 new registrations since it was launched in August 2021.

Next Meeting

As mentioned given the work required on the Marshals' Pathway we are currently meeting monthly with the next meeting tomorrow night (16 March)

Any questions please let me know.
