

KNC Groundworks

2022 Motorsport UK Scottish Rally Championship

Interim Report dated :- 10th March 2022

Events :-

SRC Dinner and Presentation of Awards - 29th January 2022

Over 300 enthusiastic revellers met in the Hilton Hotel in Glasgow to help celebrate the successes of the curtailed 2021 Championship and commiserate with the crews that were not successful. The very popular 2021 winners were Gary Pearson and Niall Burns who were joined in the function room with their winning Skoda Fabia R5.

For many it was their first night out after two years of various forms of lock down and was deemed to be such a resounding success the 2022 Championship Award Ceremony has been booked at the same venue on Saturday 28th January 2023.

A.M.Phillip Trucktech Snowman Rally - 05th March 2022.

The first round of the 2022 Championship attracted 90 crews to line up at the Black Isle Showground for the start of the A.M.Phillip Trucktech Snowman Rally. The route consisted of five extremely inviting stages which provided drivers with a mixture of fast flowing sections as well as technically demanding stretches of roads. The Forestry Land Scotland supplied very well prepared roads which due to the hard frost stood up to the passage of all the cars.

An accident on stage 4 resulted in a driver suffering a bad leg injury however the organisation has to be congratulated on their emergency procedures which not only looked after the unfortunate driver but it allowed the remaining stages to be run as planned.

Close competition was the order of the day with Michael Binnie and Clare Mole heading the finishers and repeating their success of 2020 which was the last time the Snowman Rally ran.

Remaining 2022 Championship Dates

- Round 2 - 23rd April 2022 Speyside Rally
