Nominations for the JLT MSA Club of the Year closed on 31st October, and I am delighted that **three clubs from Scotland** put themselves forward for consideration. In total, there were 31 nominations from across the UK. Likewise, we had **nine Scottish nominations** for the Volunteer of the Year amongst the grand total of 74. The judging panel will meet the week beginning 7th November to assess applications. Best of luck to everyone!

Our first 4 x 4'Est event in Glen Devon with **Scottish Off Road Club** and Pentland Land Rover was great fun, and resulted in **ten new members** for the club. One of the competitors enjoyed it so much that they have since bought an old Defender and will compete in the Largo Trials this month.

The generosity of Beatson's meant that every child on Mull was given a free rally hoodie, which was distributed at a family fun day. Nearly **four hundred** children attended, **196 took part in the treasure hunt**, and **37 wheel changes** were carried out on the Legends simulator. The sponsors were delighted with the turnout, and are hoping to replicate it on a bigger scale next year.

I've been in contact with several Young Farmers Club groups lately, and they're really keen to engage with local car clubs. Most YFC members have been driving since childhood, and the partnership opens up the availability of private land for trials and grass autotests. The first of our YFC events will be a Production Car Trial on 4th December with Machars Car Club. Hawick & Border will also be running a YFC event after the Border Counties. If there's a YFC local to you and you'd like to join forces, then please get in touch.

Word of mouth amongst Fife teachers has resulted in another school signing up for the Greenpower Goblin car build. Strathkinness School, enthused by our recent visit with a Lotus, has become the fourth local school to join the electric car build project. If you have school-age children who would be interested in their school taking part, I can give you more information on funding sources.
