

Cross Country Committee

The Cross Country Committee has met once since the last SAMSC meeting. Topics discussed included the recent consultation on regulation changes, and the future business of the committee, and development of cross country motorsport. Further details will be available once the minutes are published.

There were also discussions around the new regulation about excessive/visible smoke, designed to protect marshals at trials and similar events from clouds of diesel smoke.

The British Cross Country Championship has been reborn and has an exciting series of Competitive Safaris touring Britain. The three main Scottish clubs running competitive Safaris will be running the Scottish Round, in Dumfries and Galloway in June.
