Dear Keith,

I am hopeful that our attendance at meetings of the Association will return to being as regular as it always used to be. I attended the most recent one, although without any of the relevant paperwork, which was obviously far from satisfactory. Since it seems we are condemned to correspondence by e-mail and whatever arrangement is in place at the moment nothing appears to be reaching us, I should be obliged if you will direct future communications to Gavin Campbell who deals with our club website even although he is not resident in this area. His e-mail address is as follows:-

gavinc68@outlook.com

Let us hope that this will keep us more in touch.

Yours sincerely,

Roger Anderson
