1606/01 (Continued)	<p><i>2020 03 update: Discussions continue but without any specific actions as yet. The Motorsport UK Marshal's Advisory Group met in January (Garry Headridge from SAMSC present) from which it emerged that Motorsport UK will shortly be releasing a survey to understand exactly what encourages people to volunteer. The results of this survey will help shape some of the work of the Marshals Advisory Group in ensuring recruitment, retention, recognition and welfare of marshals is a paramount in the activities governed by Motorsport UK. In light of this pending activity, the SAMSC working group have put any specific Scottish action planning on hold.</i></p> <p><i>2020 06 update: The results from the Motorsport UK survey are still awaited thus any specific SAMSC action remains on hold.</i></p>	<p>Bruce Lyle</p> <p>Previously: Grahame Douglas</p> <p>Before that: Colin McLatchie Mike How</p>
1806/02	<p>The Calendar Manager asked all clubs to put provisional dates for 2019 to him as early as possible so that he can identify, and attempt to resolve, any potential clashes.</p> <p><i>2018 09 update: While some dates have been given to Raymond, there are still significant gaps. Clubs are asked to provide as many 2019 dates as possible.</i></p> <p><i>2018 11 update: Raymond has received more dates, including for rally championships, but clubs are asked to get as many dates to him as soon as possible please.</i></p> <p><i>2019 03 update: Ongoing C/FWD</i></p> <p><i>2019 06 update: Clubs were reminded to get 2020 dates to Raymond by the end of August</i></p> <p><i>2019 09 update: Limited progress made. Clubs to get dates to Raymond as soon as possible</i></p> <p><i>2019 11 update: While the 2020 fixture list continues to grow, there are still a number of events for which dates have not been advised.</i></p> <p><i>2020 03 update: As at the end of February, some 29 SAMSC clubs have advised one or more dates. While some member clubs do not run permitted competitive events, it would seem likely that there are a number of clubs who do run events but who have not advised their dates. Clubs are reminded of Motorsport UK Regulation D3.1.1 which states that "events at a lesser status than Interclub must be listed on a Regional Association fixture list."</i></p>	All Clubs

1806/02 (Continued)	<p><i>2020 06 update: The 2020 fixture list is clearly in total disarray as a result of the Covid19 situation but it remains important that all clubs have regard to the need to keep the Calendar Manager informed of their plans. This will be even more important if and when events resume if an even more congested calendar is to be avoided and if, as has been announced, Motorsport UK limit the number of permits being issued.</i></p>	
1811/02	<p>Chairman to write for clarification of progress on tracking system and who makes the decision.</p> <p><i>2019 03 update: Progress on this has stalled somewhat at Motorsport UK. Responsibility has now been picked up by Iain Campbell who has been asked to report back to clubs through Regional Committee at their May meeting. - C/FWD</i></p> <p><i>2019 06 update: C/FWD</i></p> <p><i>2019 09 update: Motorsport UK is still keen to introduce a tracking system but has, as yet, been unable to identify a one suitable to the geography and terrain used by all UK rallies at a cost that is acceptable. Ian Campbell is now leading the work for them and various options are being evaluated. There is no confirmed date for this reaching a conclusion. C/FWD</i></p> <p><i>2019 11 update: There is nothing further to report from Motorsport UK. Tracking systems have been used successfully on both the Mull &amp; Jim Clark rallies this year but it remains unclear if this same system would work away from the public road network.</i></p> <p><i>2020 03 update: Motorsport UK remain committed to introducing a system for use in all rallies but are equally determined that this will not become mandatory until a fully effective version is available at a realistic cost. To this end, various systems continue to be trialled on a wide range of events. There seems little point in continuing with this as a specific SAMSC action item and the recommendation is that it be marked as closed at this meeting.</i></p> <p><i>2020 06 update: Due to the March meeting being cancelled at short notice the recommendation to close this action was not recorded but this remains the suggestion.</i></p>	Peter Weall
