

SAMSC STAGE RALLY REPORT, JUNE 2020

MID YEAR REPORT

SNOWMAN

Only Rally run this year in Championship was the Snowman Rally, Number of competing teams who entered event were encouraging at 95, and SRC registered competitors were up on 2019 after first event, event was deemed a great event and with these numbers entering would have also been a financial success

COVID 19

As events started to cancel as a result of Covid 19 restrictions, it was a fairly easy decision to cancel the 2020 Championship

Remainder of 2020

Both the Galloway Hills and the Carlisle stages have yet to cancel, so depending on Government law's and guidelines we may yet see Forest Stage Rallying in Scotland return before year end

2021 Season

Dates and format of Calendar are under review at moment, the SRC expect to Run two Gravel events at start of year, two Closed road events in middle of year and finish season with Gravel events, keeping away as far as possible from the peak breeding season in the Forests

F&LS

Our discussions with FLS are ongoing and will be picked up just as soon as Government restrictions allow

G Adam

Chairman SRC
